

Equipment Mechanic (Agricultural/Road Transport)

Are you looking for variety in your day, opportunity to drive the machines you service? We have a current opening for you. The successful candidate will be involved in servicing a wide range of modern agricultural machinery. There would also be an opportunity to operate machines.

The primary purpose of this position is to provide and ensure the smooth day to day running of the workshop.

Reporting to management, some of your responsibilities may include (but not limited to):

- Day to day running of the workshop.
- Assist in the organising of other staff.
- Complete mechanical repairs in the workshop and out in the field.
- Assist and oversee fellow colleagues with repairs and servicing.
- Assist if needed, to operate equipment.
- Ensure all fleet vehicles have scheduled services, WoFs and CoFs.
- To perform scheduled servicing, repairs and component overhauls.

Preference will be given to candidates that have at least 12 months plus relevant qualified experience. It is highly desirable you have experience in the following industries; Agricultural, Road Transport and Construction Plant. Relevant qualifications would be an advantage.

Current, clean and valid drivers licence is a must with the following classes; 1, 2, 3, 4 & 5.

The ideal candidate for this role will be self motivated, organised, methodical. You must be able to work on your own and in a team environment as well as be able to work in a pressured environment. Excellent written and verbal communication skills are a must, and prepared to be available to work some weekends.

Caldwell Contracting operates a modern fleet of Trucks, Tractors, Excavators, and machinery.

Applicants for this position should have NZ residency or a valid NZ work visa.

Please email CV and covering letter stating relevant skills, experience and qualifications to admin@caldwellcontracting.co.nz
